

The Consular,
German Embassy,
Yaounde,
Dear Sir/Madame,

An Appeal of the Denial of a Student Visa to Germany

I am Yapana Tassia Naomi, a young cameroonian, born on the 23.11.1997 in Bafang. I write with regards to a Student visa denial on the following counts :

Die Erteilung von Visa an Studierwillige auf Grundlage einer bedingten Zulassung steht gem.§16 Abs. 6 AufenthG im pflichtgemäßen Ermessen der Auslandsvertretung. Der Zweck des Aufenthalts, hier Sprachkurs mit anschließendem Studium. Muss schlüssig sein, um eine missbräuchliche oder betrügerische Inanspruchnahme des Visums nach § 16 Abs, 1 AufenthG zu vermeiden.

Es bestehen jedoch erhebliche Zweifel, dass Sie das in Aussicht genommene Studium tatsächlich abzuschließen vermögen. Die Ernsthaftigkeit der Studienabsicht wird somit angezweifelt.

I really do not know why the Embassy would doubt the reason for which I want to go to Germany, that is my intension to study. As a young student I have always taken my studies serious and I have a good Baccalaureat D and an HND in Networks and Telecommunication to show for it. Despite haven studied Networks and Telecommunications to HND, my love for computer science made me to sort to study outside Cameroon. Given the opportunity, by my parents, to study outside Cameroon, what other country could I ever consider to go to for studies other than Germany; with very affordable, highly practical Education and with Certificates recognised worldwide ? I have gone ahead to learn the german language to B2 niveau. All of these, I think, go a long way to show how much I desire to study in Germany.

Yes I have a conditional admission to computer science at TH Brandenburg and I was expected to be in Brandenburg, Germany, on or before the 25.2.2019, in order to take part in the entrance Examination. This entrance Examination would permit me to continue with my language preparation at the said university. Due to delay in compilation of my documents, I was unable to meet this date. But the Univesity gave me the opportunity to go to Germany and continue my language preparation at a private institution in Berlin while waiting for the DSH2 Examination for internals at TH Brandenburg. Considering this opportunity, I have looked for accomodation and registered already at BSI private Sprachenschule in Berlin, Germany.

Sir/Madame, I crave your indulgence to take another look at my file, #95104 of 20.03.2019, to verify the legitimacy of my argument. I equally pray you grant me this opportunity to study the program after my heart, computer science, in the land of ideas, Germany. God bless you.

Yours sincerely

Y.T.N
